

Infrared properties of selected materials

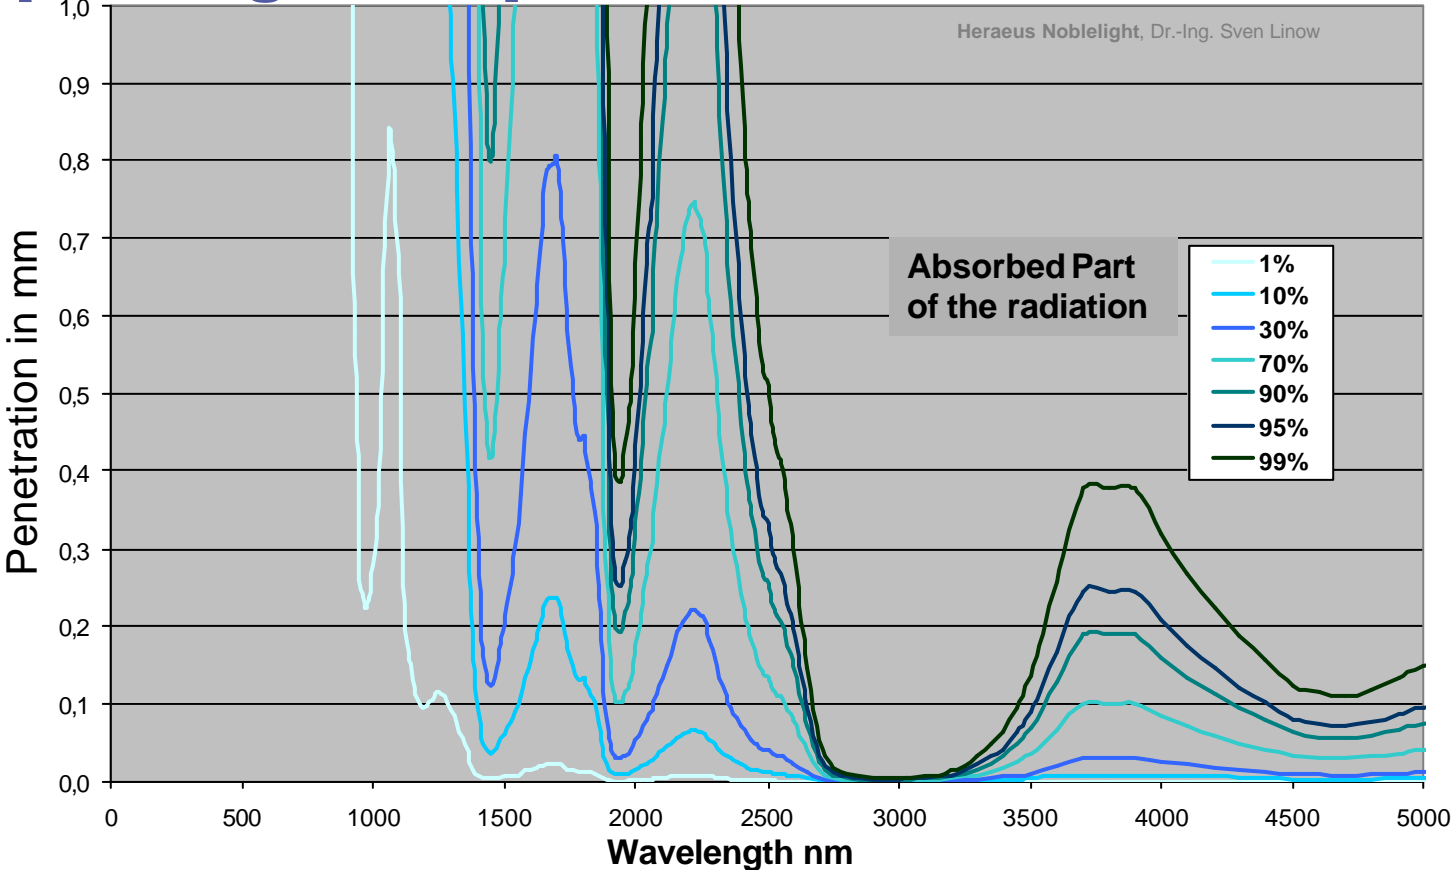

Technical Background

Absorption spectrum of water

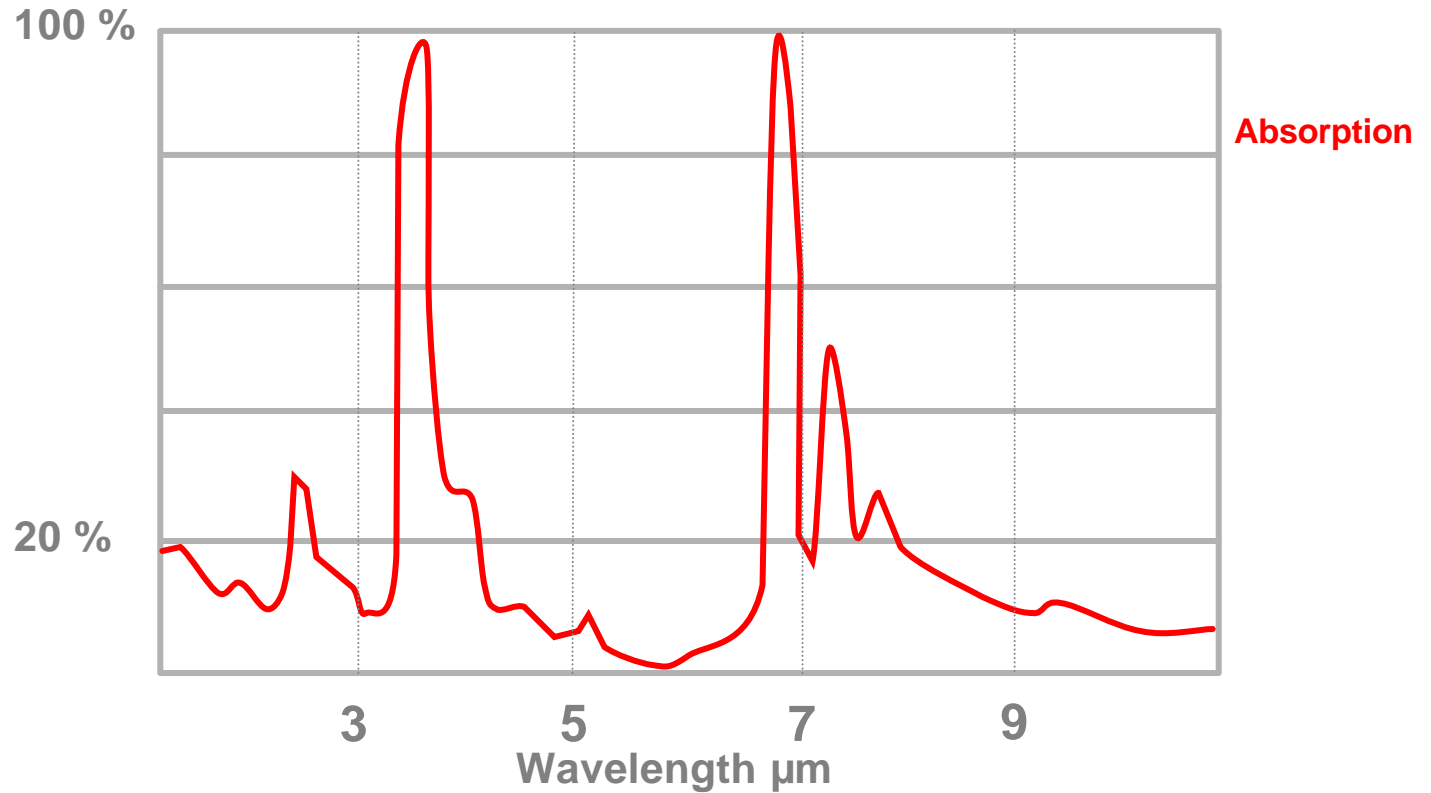

Technical Background

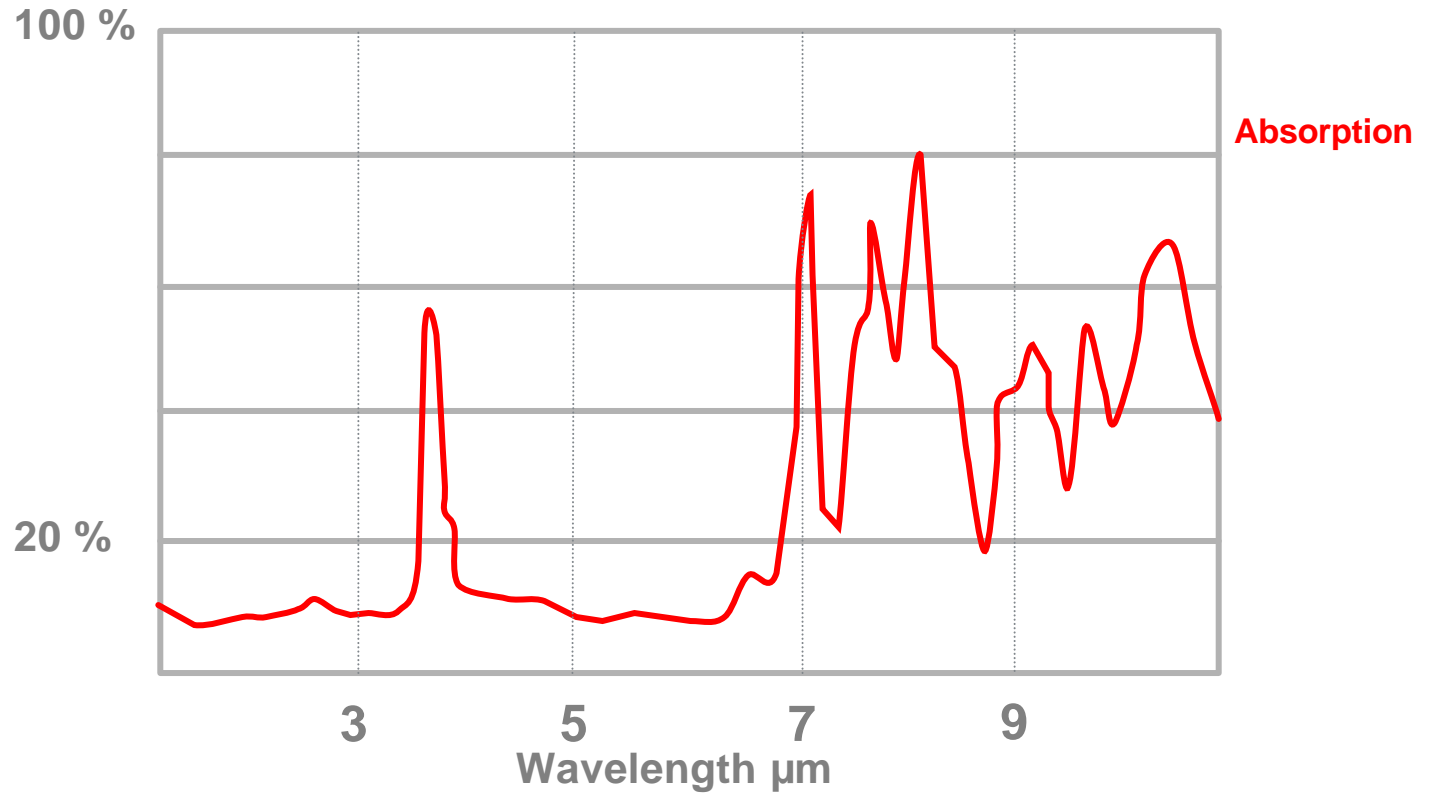

Absorption of Infrared Radiation Depending on Depth of Water

Absorption of Polyethylene 0.1 mm

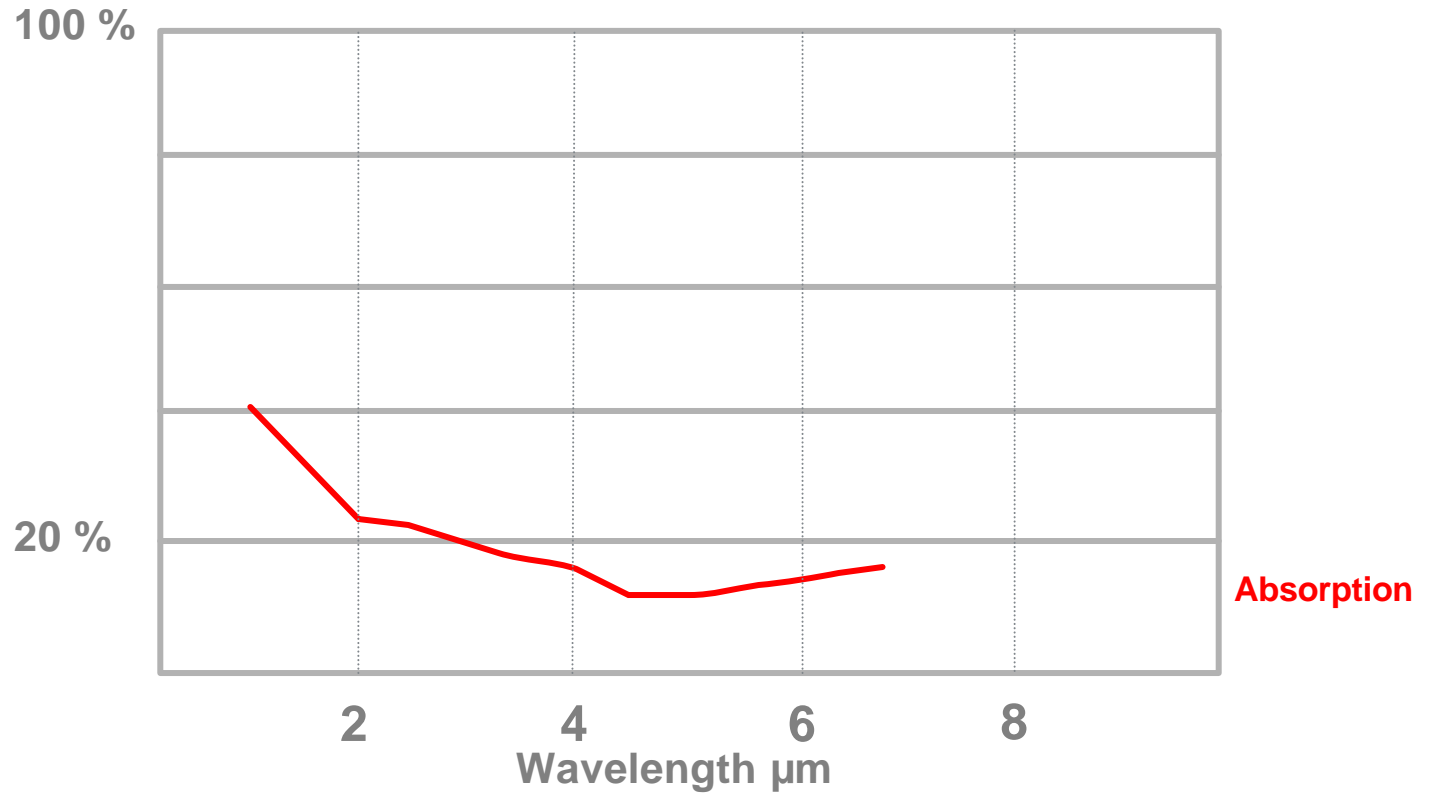

Absorption of PVC 0.02 mm

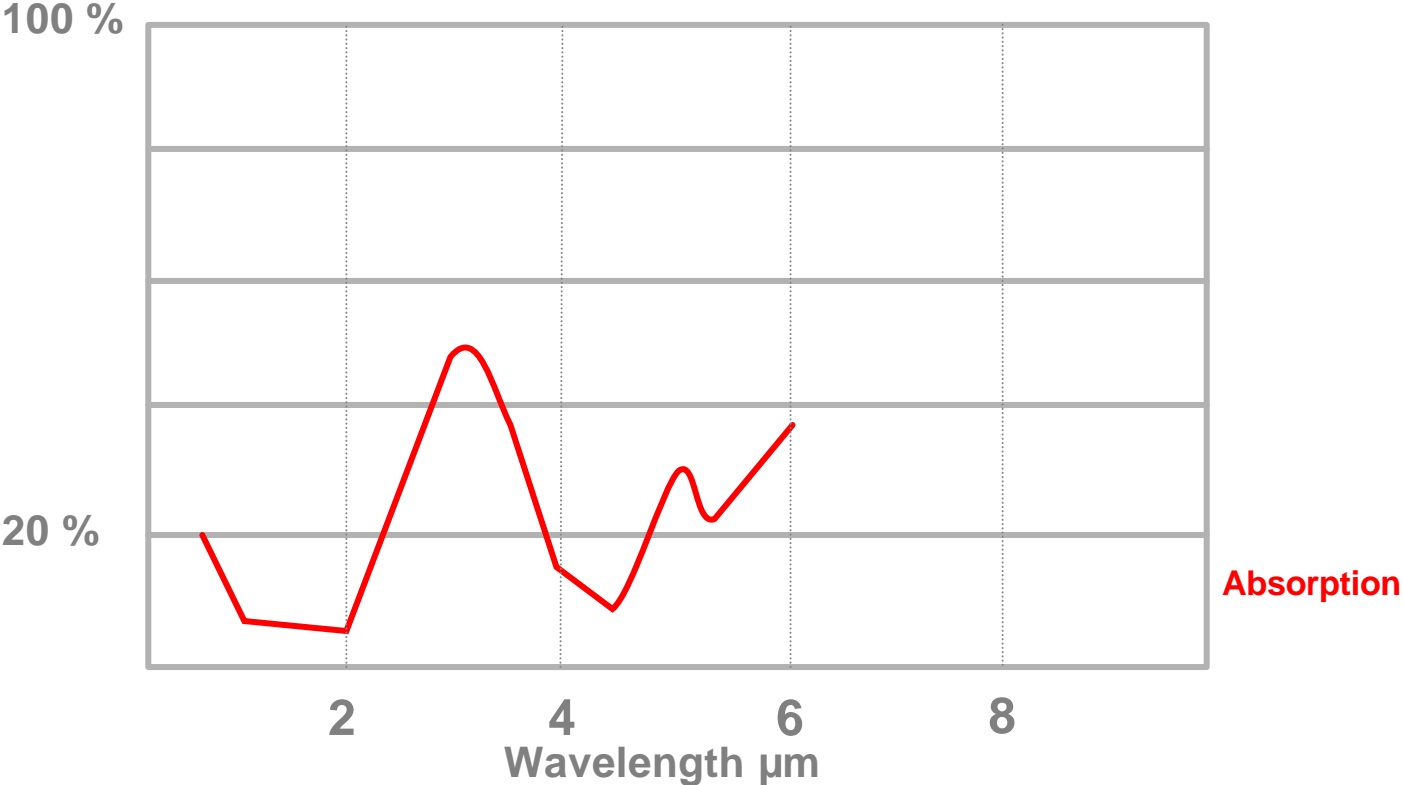

Technical Background

Absorption of Mild Steel 1mm / Highly Polished

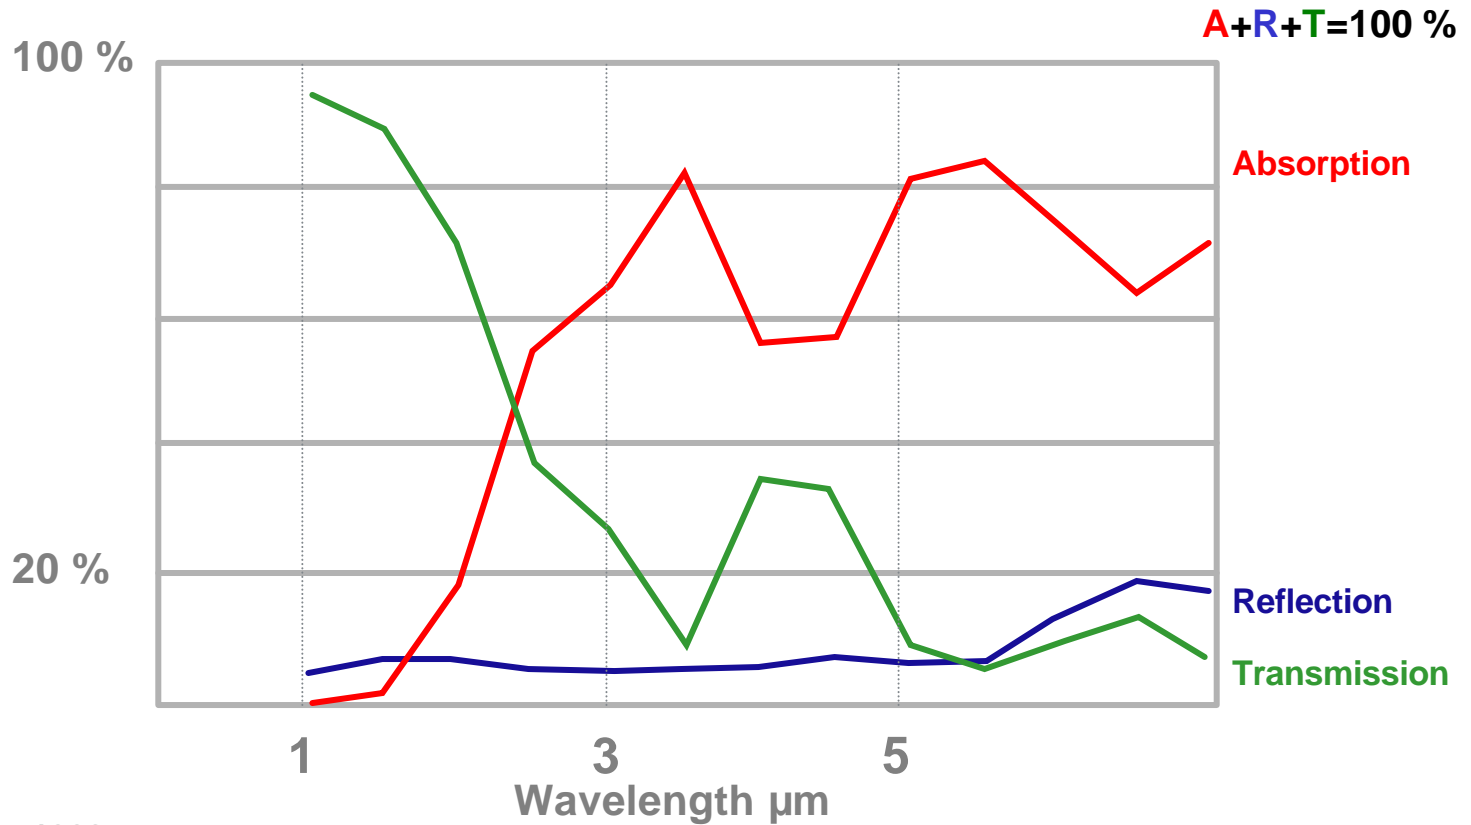

Technical Background

Absorption of Aluminium 0.5mm Coated With Resin

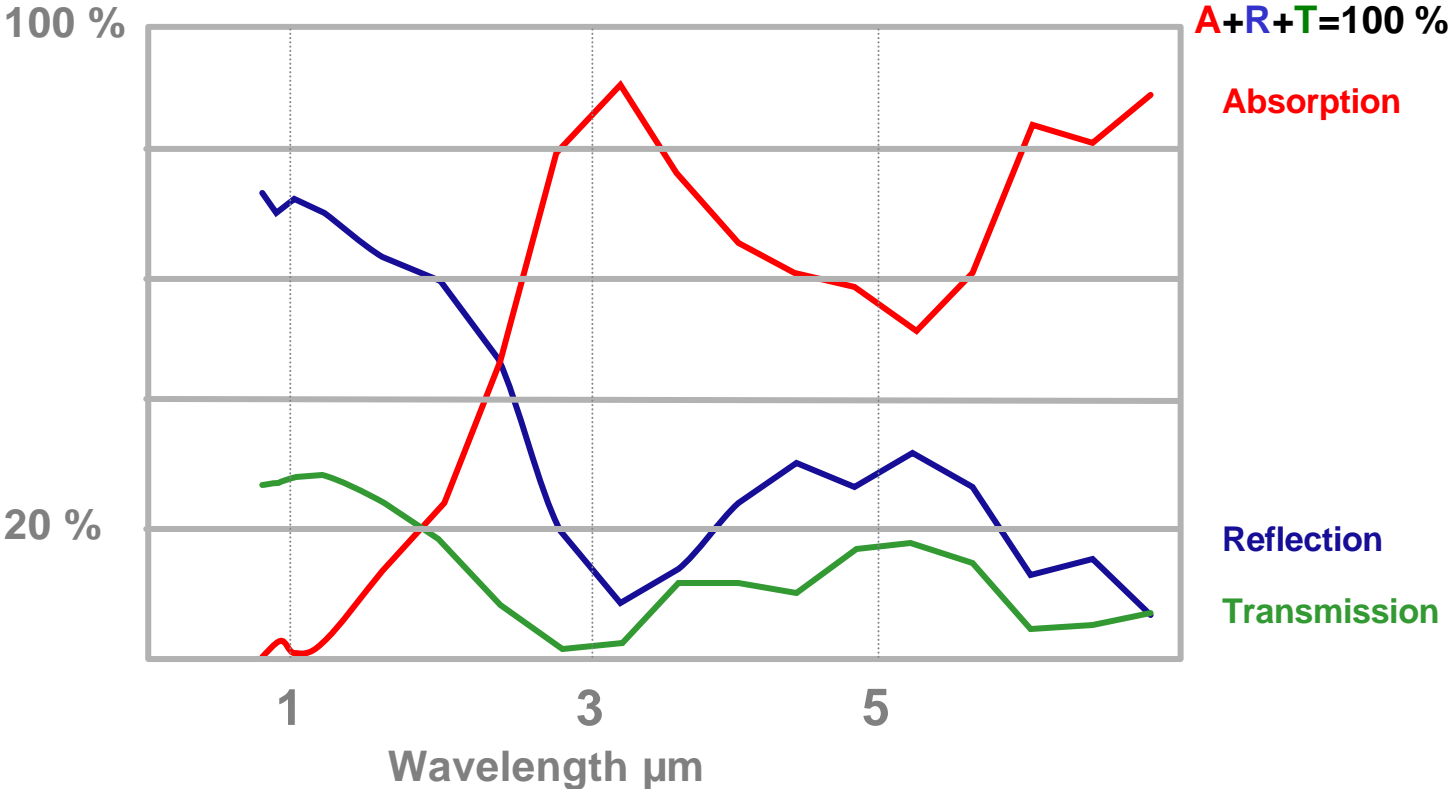

IR Properties of Clear Perspex 5 mm thickness

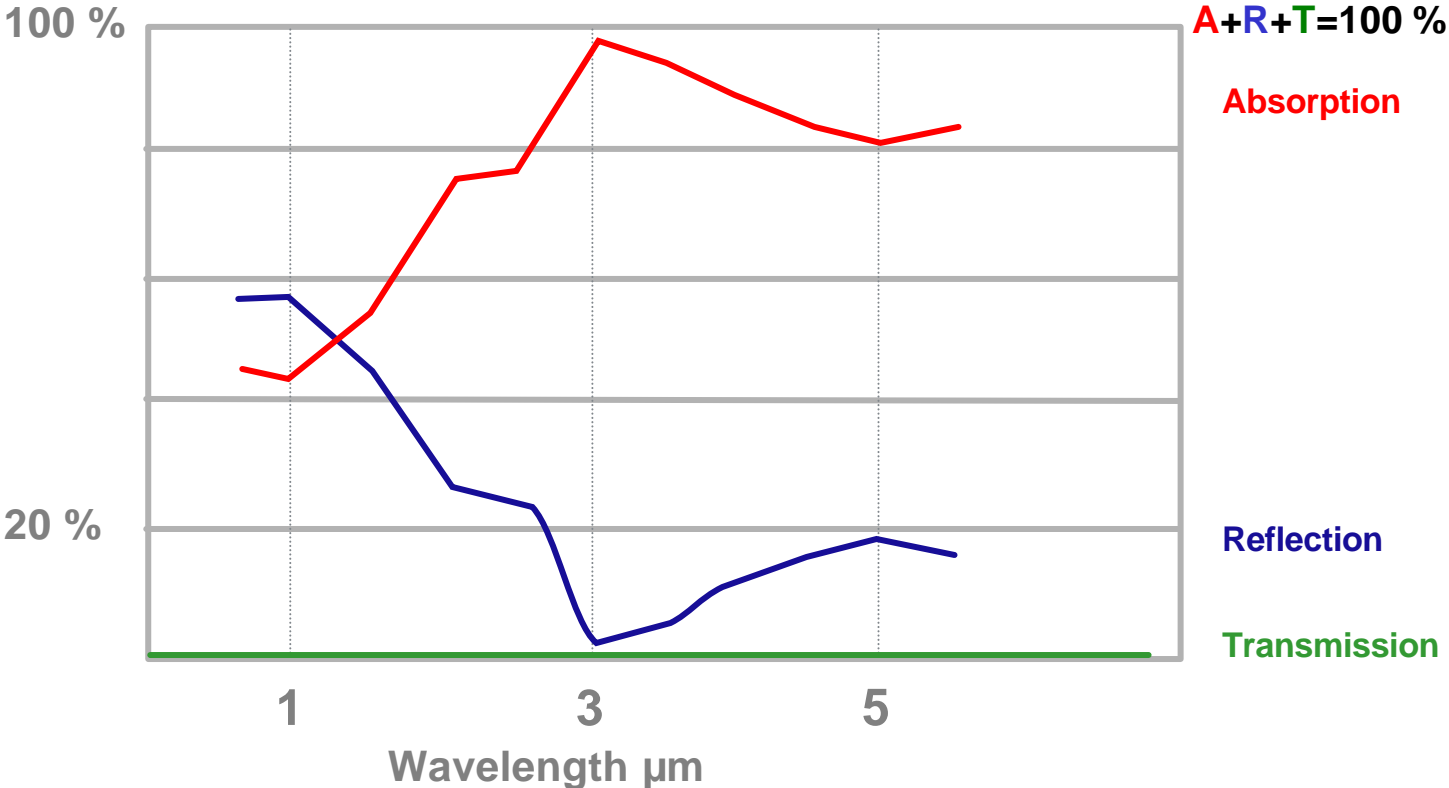

Technical Background

IR Properties of 80gsm White Copier Paper

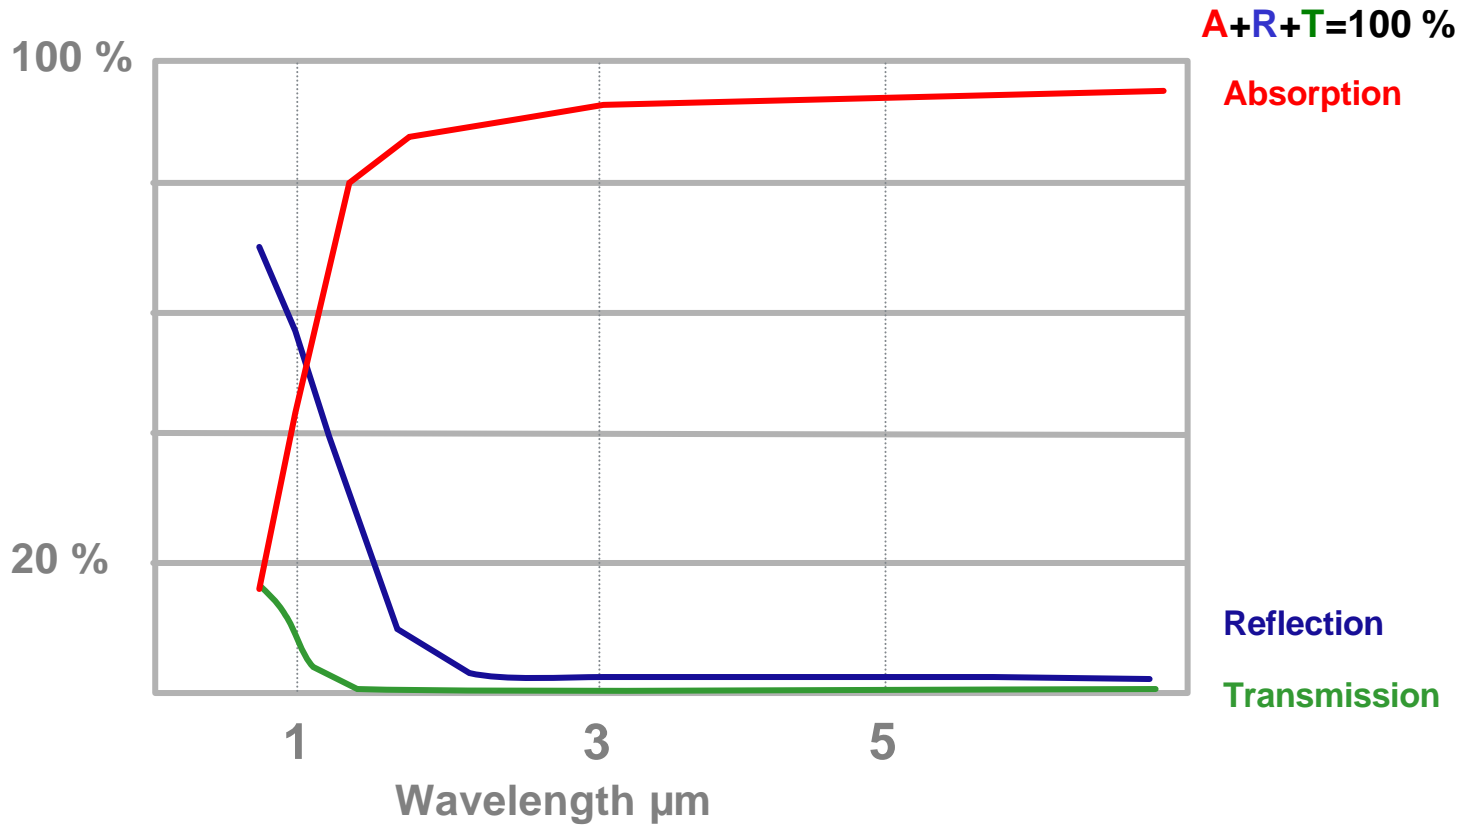

Technical Background

IR Properties of Carpet (8mm)

Technical Background

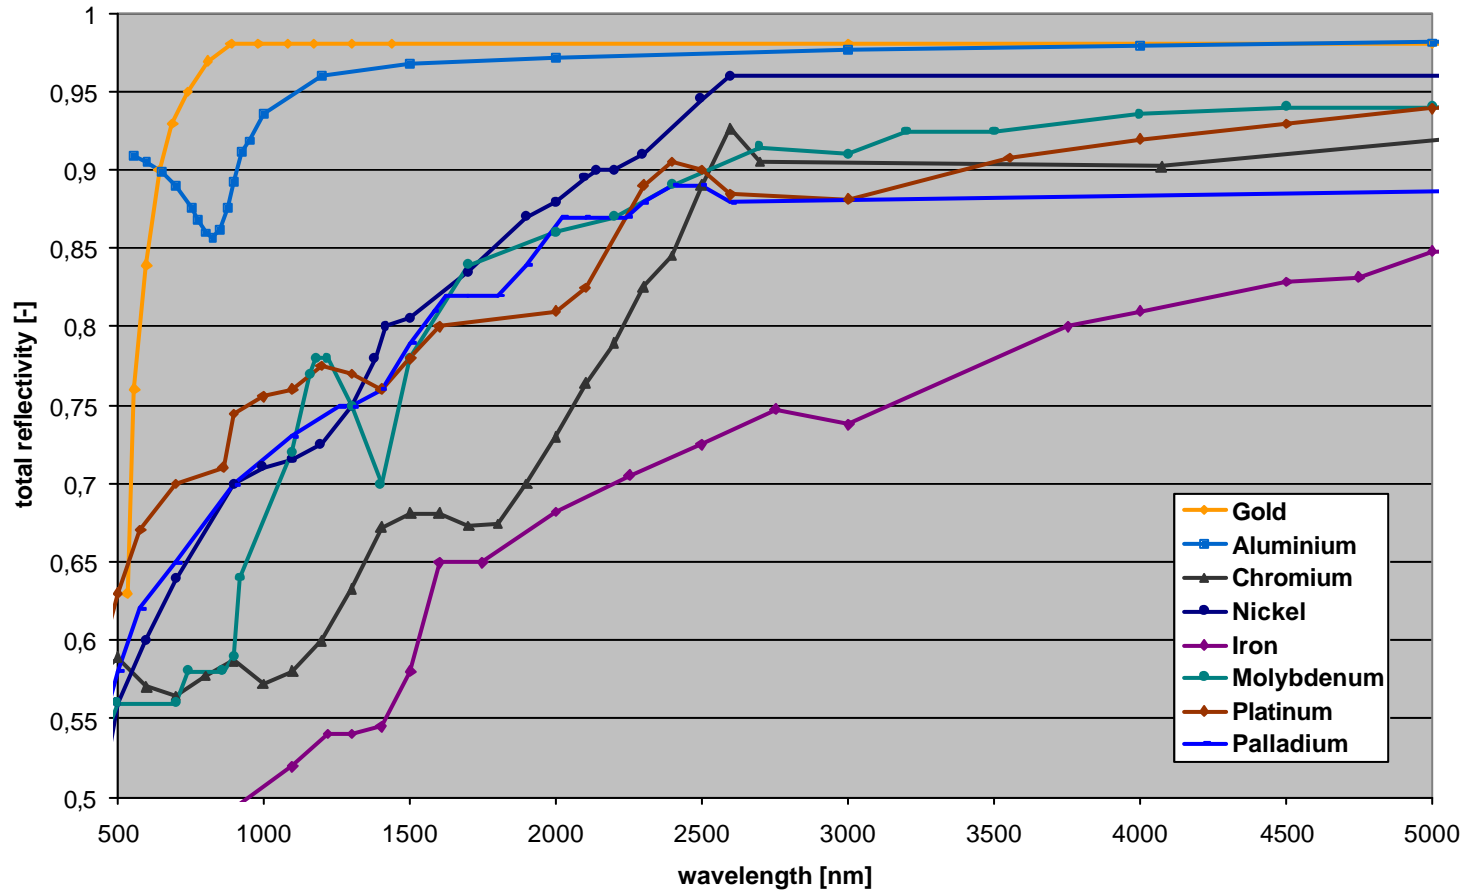

IR Properties of Food: Cheese
